

### **Important notes:**

Clocks offered on this website are usually fully restored and in good working condition.

When making an offer the restorations are mentioned and specified upon request.

Upon sale a written confirmation of sale always accompanies the clock wherein apart from an extensive description of the clock, historical details etc. the restorations are mentioned, unless otherwise agreed. A warranty to authenticity and quality is also given in this confirmation of sale.

Clocks are delivered and installed free of charge within the EC, whereupon a 12 months guarantee starts with regard to the functions of the clock.

For countries outside the EC arrangements are made on an individual basis.
